

# ENIC Engineering Solutions Pvt. Ltd.

OUR BUSINESS PARTNERS

We believe in perfection

## **ABOUT US:**

ENIC Engineering Solutions Pvt. Ltd. is the recently formed company, working on the motto “competence with quality” in the following sectors:

1. Electricity
2. Energy
3. Instrumentation & Control
4. Product Supply

## **Our President:**

Dr. GP Saxena, IFS (Retd.)

- Distinguished career record as the **IFS (Indian Forest Services) Officer**.
- Has served the government for over 35 years and has undertaken and completed several national level projects.
- Has also undertaken the projects related to technology incorporation for resource development.
- Has been providing consultancy in the field of environment and management fields from last several years.

## **Our Strength**

Under the chairmanship of Dr. G.P.Saxena, IFS (Retd.), ENIC has a specialized Engineering section. The company has developed specialist skills and applications that enhance the risk management and value techniques required by public & private sectors. A dedicated team of professionally qualified Engineers with more than 15 years of experience in the field of process, design & engineering are working with the company.

## **Our Vision**

We will be the globally respected engineering organization leading with inspiration & innovation, focusing on the positively executed action with best solutions & optimum output.

## **Our Mission**

To enhance the effectiveness of electrical, automation & control to increase productivity, reliability & efficiency of process plants.

To deliver the customers total Quality and Value.

To act responsibly in terms of social responsibility & business ethics.

## **Our Objectives:**

We are committed to meet the following objectives, as a means of maintaining and developing our relationships with a growing number of clients...

- Constant growth and improvement that provides advanced value-added and cost effective solutions for our clients.
- Customer satisfaction as our goal, we are committed to develop partnerships and provide services to meet client's financial and operational constraints.
- To work with customers who own large strategically important assets. These customers tend to be government departments, public bodies or private companies operating in highly regulated markets.
- To enter into contracts that fairly balance the risk and reward with our customers, so we can each share the financial effects of success or failure.
- Maintain a high ethical standard and to operate with integrity and professionalism.

## **Our Operation Fields**

ENIC Engineering Solutions Private Limited provides all the solutions and services in the field of Electrical, Instrumentation & Control under one umbrella. Working on the motto "Competence with quality" ENIC is having following specialized sectors:

### **Electricity**

- RRVPNL Grid Sub Station Erection & Commissioning CLRC (132 KV, 400 KV & 765 KV)
- RRVVNL Grid Sub Station Erection & Commissioning CLRC (11 KV & 33 KV)
- RRVPNL Electrical Sub Station Erection & Commissioning Turnkey Contract (132 KV, 400 KV & 765 KV)
- RRVVNL Electrical Sub Station Erection & Commissioning Turnkey Contract (11 KV & 33 KV)
- Supply of Distribution Transformer , Power Transformer, HT AVR, Energy Meters, CT & PT
  - CLRC - Casual Labour Rate Contract
  - Trunkey Contract- Job with material
  - RRVVNL- Rajasthan Rajya Vidhut Vitran (Distribution) Nigam Limited
  - RVPNL- Rajasthan Rajya Vidhut Prasaran (Transmission) Nigam Limited

### **Energy:**

- Energy Audit
- Energy Filing
- Consultancy for Renewable energy power plant up to 20 MW (Solar/Wind/Power)
- O&M of Renewable energy power plant up to 20 MW (Solar/Wind/Power)

### **Electrical, Instrumentation & Control:**

- All types of E&I Contracts (Supply, Installation, Testing & Commissioning)
- Installation & Commissioning support for various E&I systems/items/panels
- Engineering, Supply, Erection & Commissioning of Plant Electrical Sub Station
- Electrification contract for commercial complex/plant with safety & security systems
- TPA (Third Party Assistance ) for Inspection of E&I panels/Items
- Service, AMC, Commissioning, Operation & Maintenance Contracts for Gas analyzer Systems

### **Product Marketing:**

#### **Servokon :**

- Power Transformer
- Distribution Transformer
- Dry Type Transformers
- Isolation & Ultra Isolation Transformer
- Variable Auto Transformer (Variac)
- HT AVR
- Rolling Contact Servo Stabilizer
- Servo Voltage stabilizer
- Automatic Voltage Stabilizer
- Online UPS
- Inverter

#### **Indotech :**

- Single Phase Energy Meters
- Three Phase Energy Meters

#### **Avone System & Controls :**

- All Types of Electrical panels like PCC, MCC, PMCC, Bus ducts, Frequency Drive Panels, Soft Starter Panels, PLC Panels, Instrumentation Panels, Control Desks with Mimic, AMF Panels, Local Control Panels
- Tailor Made Canopy/Enclosures for Dry Transformers
- Junction Boxes (JB)
- Local Push Button Station (LPBS)
- Power Distribution Box (PDB)

## **OUR BUSINESS ASSOCIATES:**

### **AVONE GROUP:**

AVONE group is a one of the major manufacturer of electrical panels and are supplier in the country and other parts of the world like Nigeria, Dubai, Oman, Kenya, Kazakhstan, Zambia, Nepal, Bangladesh, South America.

The company undertake design, engineering manufacturing, supply, erection, testing and commissioning of electrical, instrumentation and automation system on Turnkey Basis for basic industries like Cement Plant, Steel Rolling Mills, Material Beneficiation Plant, Port Equipments, Chemical Plants, Sugar Plants, Mining Industries, Crushing screening and Conveying Plant, Electrical Sub-stations, HT Overhead Lines.

### **INDOTECH:**

One of the leading manufacturer of ISI Marked Single phase & 3-Phase quality kWh Electronic (LCD/Multifunction/Prepaid) Meters confirming IS: 13779/1999.

Indotech is ISO: 9001: 2008 Certified company and their Meters are tested and approved by various Govt. Laboratories like, ERTL- New Delhi, ETDC-Chennai, ETDC-Hyderabad, CPRI-Bhopal, I.I.T. - Roorkee, National Test House-Ghaziabad, National Physical Laboratories-New Delhi, and College of Engineering-Trivandrum.

The company is Registered & Approved Supplier of various Electricity board, Government department & Private Sectors. They have supplied more than 10 lakhs meter around the country under "Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY)" scheme. Indotech have also supplied large nos. of meters to various Govt. Departments through "Directorate General of Supplies & Disposals (DGS&D)" Rate Contract.

### **SERVOKON:**

Servokon Systems Ltd. is one of the leading Manufacturers & Exporters of Power Conditioning Products in the Industry. The Company was established in 1995 and since then has made a renowned presence in the Domestic market and more than a decade in the international market under the brand name "SERVOKON". Servokon is professionally managed ISO 9001: 2008 Certified Company.

Product range of Servokon includes Distribution Transformer, Power Transformers, HT AVR, Dry Type Transformers, Rolling Contact Servo Stabilizer, Servo Voltage Stabilizer, Online Ups, Variable Auto Transformer (Variac), Automatic Stabilizer, CVT, Isolation & Ultra Isolation Transformer, Inverter and various types of industrial transformers.
